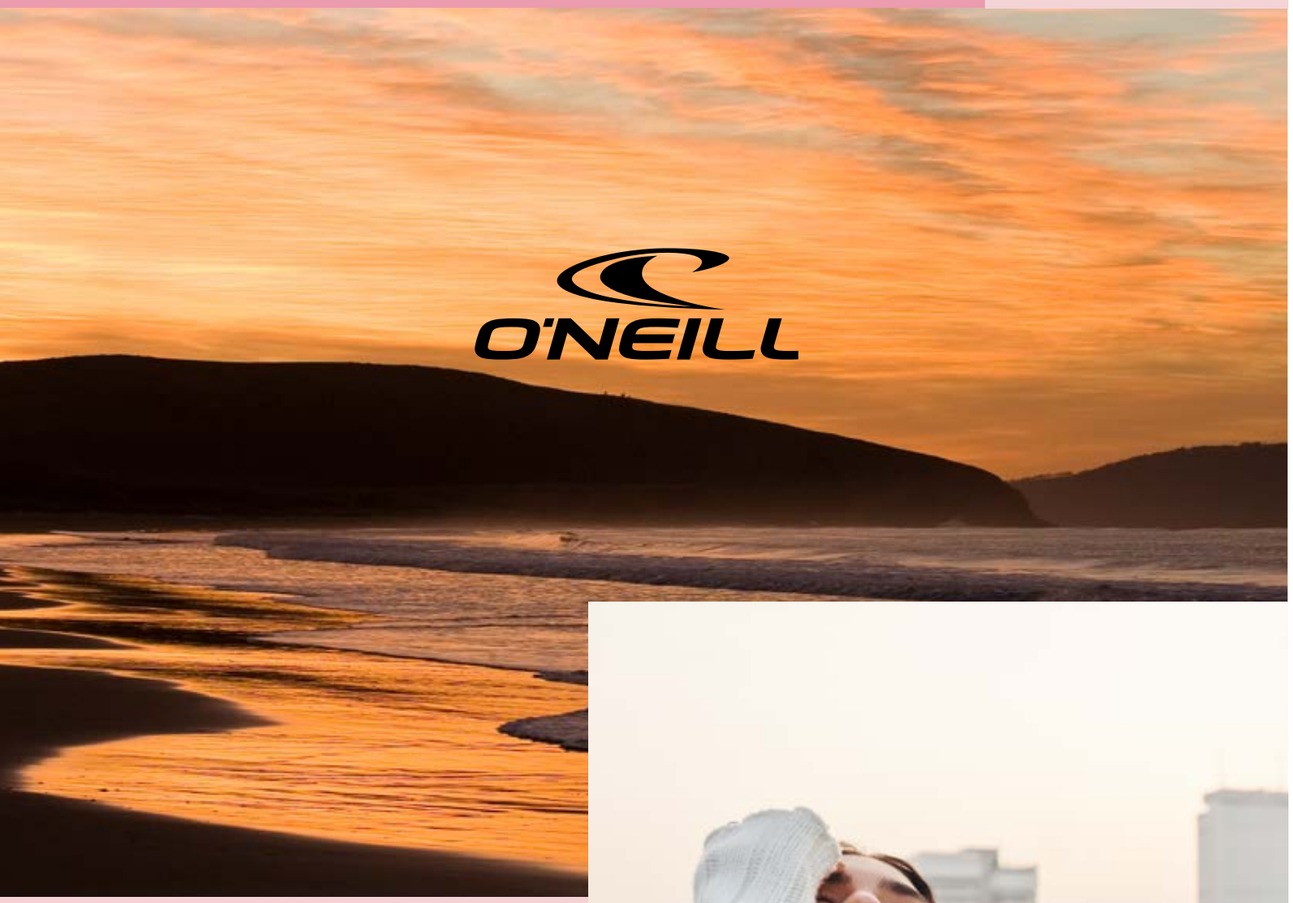
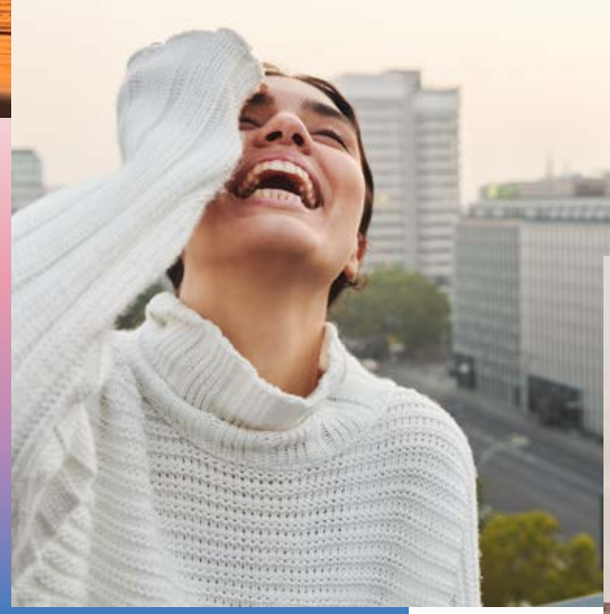
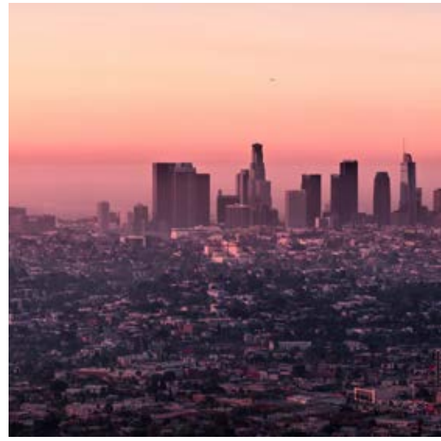
KIDS



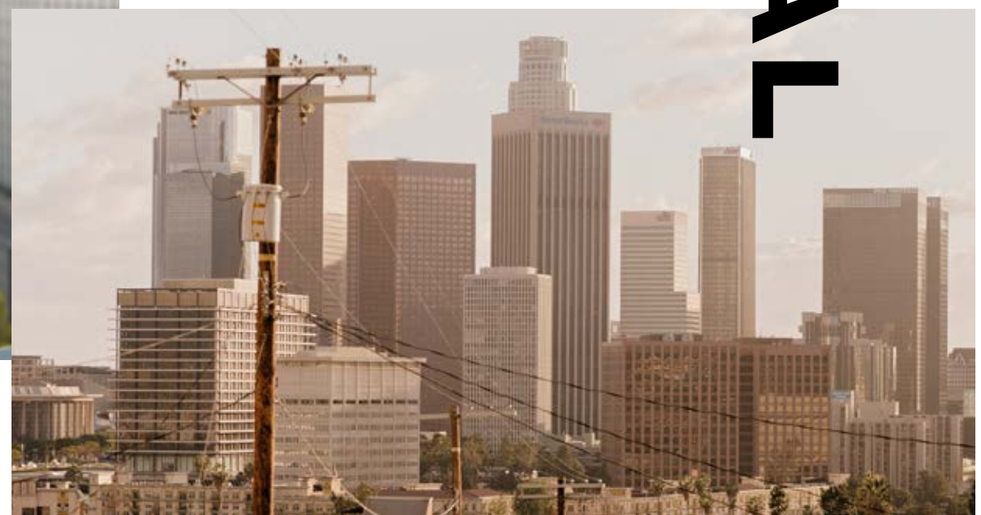


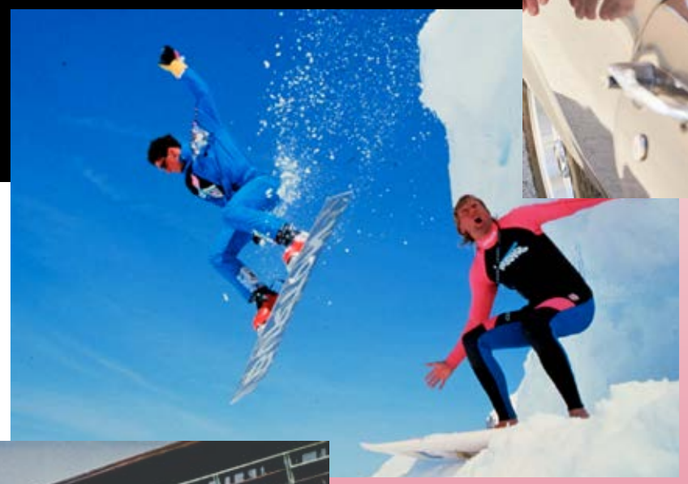
THE ORIGINAL CALIFORNIA LIFESTYLE



We are born and raised in California. We go the extra mile to seek the sun.

Because life is simply better when the sun touches your skin.





BRAND HERITAGE

DEAR PARTNER,

Let me start by thanking you for your long and loyal support, and for your interest in exploring our new Fall/Winter collection. A collection which will excite you. That’s a promise.

O’Neill is, and always has been, the Original California Lifestyle brand. We have a strong and unique heritage that has given us a large consumer following. That’s why we have challenged ourselves more than ever to create a modern, high-quality snow collection that blends the latest fashion trends with the newest technical innovations.

Secondly, we have made sustainability our key concept. We are proud to share that 30% of our snow range and 70% of our lifestyle range is now made from sustainable materials. We have even succeeded to create a 100% sustainable snow outfit solely made of recycled materials.

But that’s not all. We gave ourselves an additional challenge this time. We have enlarged the collection with an on-trend lifestyle, outdoor and Athleisure range. Product categories that fit our brand perfectly. We believe the overall result is sure to excite the modern-day consumer.

Having said all of that, we also know that having great products isn’t enough. In today’s fast-paced world, we need to inspire the consumers 365 days a year. Hence, we created product stories and marketing campaigns to support your sell-out throughout the season. This is important to us as your success will determine our success.

Together, we can make it happen.
Let's team up and get going.

PETER TRUIJEN
CEO O’Neill

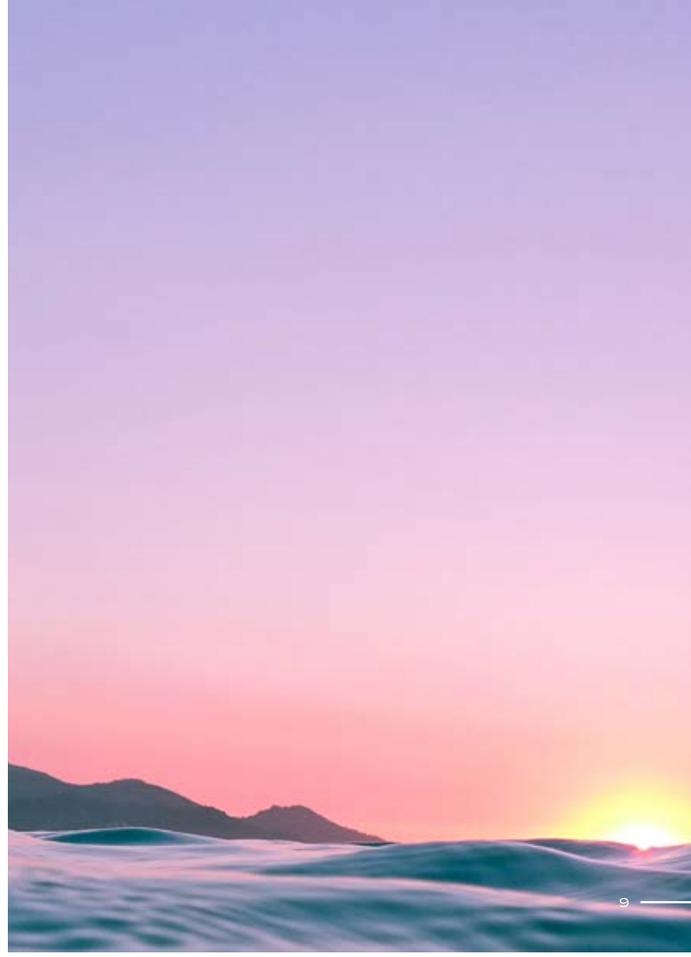
O'NEILL

FALL/WINTER 2020

FALL/ WINTER 2020

For FW2020, O'Neill brings its California lifestyle to the streets and slopes around the world. Discover an iconic collection that blends the authenticity of O'Neill snow performance with up-to-date street and sport style.



JOIN US IN OUR ENDLESS SEARCH FOR THE SUN

We prepare you for some crisp moments that are going to make the tips of your fingers tingle. So, let's get ready. Ready to move from the wildest ocean waves to the highest snow-capped mountains and urban cityscapes. For us, Summer is not just a season on the outside, it's a feeling on the inside.

O'NEILL INNOVATION LAB

GORE-TEX® PRODUCTS

Providing long-lasting protection against the elements, O'Neill launches products engineered with Gore-Tex® technologies for FW20/21.

Appearing across lifestyle and snow performance collections, the Gore-Tex® fabric is a thin membrane featuring microscopic pores that prevent water droplets from passing through but allow water vapour molecules to escape. This is what makes the membrane waterproof and breathable.

RECCO® AVALANCHE RESCUE SYSTEM

The RECCO® Rescue System is a two-part radar technology which helps professional rescue teams locate skiers and snowboarders in the event of an avalanche. RECCO® reflectors are placed in ski pants and ski jackets throughout the FW20/21 snow performance range.This technology reflects signals transmitted from a RECCO® detector, making you searchable to mountain rescue organisations.

THE RECCO® REFLECTOR
IN THIS PRODUCT ENABLES RESCUE PROFESSIONALS TO LOCATE YOU WITH RECCO® DETECTORS IN THE EVENT OF AN AVALANCHE ACCIDENT OR WHEN LOST IN THE OUTDOORS.

RECCO® REFLECTORS
REQUIRE NO POWER AND NO ACTIVATION TO FUNCTION. MULTIPLE REFLECTORS ARE RECOMMENDED FOR OPTIMAL PERFORMANCE.

RECCO® DETECTORS
ARE USED BY RESCUE PROFESSIONALS WORLDWIDE. VISIT RECCO.COM TO VIEW THE COMPLETE LIST.

Innovation has always been at the forefront of our company. If we can make a better product, we do it. Here's a selection of the features that help us create high-quality street, slope & sport styles.

Firewall magma
The firewall magma print captures the body heat you produce and regulates the temperature, keeping you warm longer.

Breathability
Breathability is the ability of a fabric to absorb moisture and release it through the material itself, allowing it to breath, keeping you comfortable longer when you are active.

Firewall
Insulation strategically placed in your jacket, the firewall technology provides more warmth. Less weight.

COMPRESSION
THIS TIGHT FITTING GARMENT HOLDS THE MUSCLES FIRMLY IN PLACE AND IMPROVES BLOOD FLOW TO THE MUSCLES, THEREBY BOOSTING ATHLETIC PERFORMANCE.

GROW SYSTEM
TURN THE GARMENT INSIDE OUT, SNIP THE RED THREAD TO LENGTHEN THE GARMENT.

HYPERDRY
KEEPING YOU DRY NO MATTER HOW HARD YOU PERFORM. WATERPROOFING TECHNOLOGY ALLOWS THE FABRIC TO DRY ULTRA QUICKLY AND REPEL WATER WHILE MAINTAINING BREATHABILITY.

PRIMALOFT
PRIMALOFT, THE LUXURY DOWN ALTERNATIVE. LOOKS LIKE DOWN, FEELS LIKE DOWN, WARM LIKE DOWN.

REFLECTIVE
REFLECTIVE DETAILS, TO MAKE SURE YOU ARE MORE VISIBLE IN THE DARK

RECYCLED POLYESTER
THIS PRODUCT CONTAINS RECYCLED POLYESTER

SEAMLESS
SEAMLESS GARMENTS WILL GIVE YOU MAXIMUM COMFORT AND FITS LIKE A SECOND SKIN.

SEAMTAPING
SEAMTAPING TO ENSURE NO WATER LEAKS INTO YOUR JACKET OR PANT, EVEN ON THE WETTEST DAYS.

STRETCH
ENGINEERED WITH STRETCH MATERIAL FOR MORE COMFORT.

WATER REPELLENT
THE PRODUCT IS TREATED WITH AN INVISIBLE WATER REPELLENT FINISH THAT IS SPECIFICALLY ENGINEERED TO PREVENT THE FABRIC FROM ABSORBING MOISTURE, ALLOWING THE FABRIC TO DRY ULTRA QUICK.

WICKING
THE FABRIC TRANSPORTS THE MOISTURE AWAY FROM YOUR SKIN, TO MAKE YOU FEEL MORE COMFORTABLE WHEN YOU'RE ACTIVE.

UV PROTECTION
PROTECTION FROM THE ELEMENTS SUN EXPOSURE CAUSES SKIN DAMAGE THIS GARMENT PROVIDES UVA + UVB PROTECTION FROM THE SUN THE PROTECTION OFFERED BY THIS ITEM MAY BE REDUCED WITH THE USE OF IT, STRETCHED OR WHEN WET.

O'NEILL
BLUE
OUR OCEAN MISSION

O'neill was born in the water when jack created wetsuits to protect us from the ocean. All over the world, oceans feel the impact of a wave of plastic. We have a mission to protect them.

As a brand created in nature, we see it as our responsibility to contribute to a more sustainable world. That's why we constantly look for innovative production methods and ideas that reduce our ecological footprint.

BLUE LABEL

When it comes to the preservation of our playground, we're kind of obsessed about shrinking our footprint. That's why we incorporated the Blue vision into almost each product category.

For FW2020, this means over 50% of all styles carry the Blue Label. A Blue-labelled garment is crafted with at least 30% sustainable fibers.

REPREVE

REPREVE
Recycled. Bottles. Reborn. For the good of tomorrow. Repreve, unifi, inc.

ECONYL®

ECONYL
This product contains regenerated nylon that can be recycled infinitely.No waste. No new resources. Just endless possibilities.
